Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-3, 5, 6, 13, 15-17, 22 and 30-34 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for improving the bioavailability of oral drug with the said combination, does not reasonably provide enablement for increasing the systemic exposure of cells. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make or use the invention commensurate in scope with these claims.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3, 5, 6, 13, 15-17, 22 and 30-34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 is rendered indefinite by the phrase "a method for increasing the systemic exposure of cells selected from tumors cells and normal cells to an oral administered pharmaceutically active compound...". What does this phrase mean? The remaining claims are rendered indefinite to the extent that they incorporate the above terminology.

Claims 1-3, 5, 6, 13, 15-17, 22 and 30-34 are not allowed.
